The Michigan Red Sox baseball organization is made up of five travel baseball teams ranging in ages from 9 – 18. Each team participates in a local league and competes in weekend tournaments all over metro Detroit and into the Midwest. Banner and program sponsorship associates your organization with all teams as posted on a three foot by eight foot banner that is proudly displayed at each Red Sox contest or in our player profile program distributed at each game for the high school players. Your sponsorship funds will be directed to your specific team but will be represented on all five teams' banner or in their program.

There are seven types of corporate sponsorship.
